RE: Application 10/719,863
Filing Date 11-19-2003
Inventor: Bruce R. Lee

Dear Anita King,

Thank you so much for taking your time to fax the copies of the original application and mini lecture to me and explaining a few things to me.

Since I had not received by mail any information from those who are handling my application regarding the response I sent which was Received Nov 1, 2004 by the Patent Office sent to Kimberly Wood, I've been left not knowing what I need to do to correct any issues concerning my application.

Along with this cover letter I am faxing:

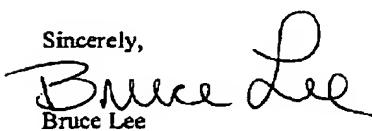

- 1.) Certificate of Transmission
- 2.) The Abstract as Per 37 1.72
 Marked Up Abstract Sheet
 Clean Abstract Sheet
- 3.) Claim Sheet
 1-3 Cancelled
 New Claim #4

Since I have not received any correspondence concerning the response I filed I do not know if there are any other issues which I need to address regarding that response or if I am lacking in submitting the proper forms with these documents. The correspondence I received from Kimberly Woods was Sept. 27, 2004 and the Patent Office received my response to that on Nov. 1, 2004 that was within the 3-month time frame required by the Shortened Statutory Period for reply. However, I am concerned about the amount of time, which has now gone by, and how that may affect my application, if I will be required to pay more money, or other possible issues. If I had received some correspondence I would have gladly responded in a timely manner and perhaps retained professional assistance.

If there is anything I need to do in order to meet the requirements of my application I am pleased to do what is needed but I cannot unless whoever is suppose to contact me will do so. Since I am faxing this information, the pages will not have the tracking data on the back as required.

Again, thank you so much for your assistance.

Sincerely,

Bruce Lee
